

Olde TimberStone

RECLAIMED BEAMS,
BOARDS, FLOORS & MORE

OLDE TIMBERSTONE is your source for the widest selection of antique wood, "old-growth" timber, and other reclaimed building products from around the country. Headquartered in Denver, Colorado, Olde TimberStone is a true "one-stop-shop" for all of your reclaimed timber and antique building product needs. With nationwide delivery and access to virtually all old-growth wood species, Olde TimberStone can help you build green with unique, one-of-a-kind timber and stone products that will add warmth, character and charm to any home or commercial project.

Reclaimed antique wood is unrivaled in terms of its density, clarity and ageless beauty and is unparalleled in its architectural quality and character. Olde TimberStone offers authentic reclaimed timbers with rustic textures, traditional elegance and architectural strength and durability. Reclaimed and old-growth flooring options from Olde TimberStone include longleaf yellow pine, antique oak, tobacco pine, hickory, walnut, cypress, chestnut, maple, cherry, white pine, heart pine, douglas fir and more.

With many of the old historical "character marks" still visible, our reclaimed floors and timbers bring an uncommon sense of style and rich historic value to any commercial or residential new build or remodeling project. These historical character marks, which include nail holes, saw marks, mortises, notches, bolt holes and rich patinas, give hints to the wood's former life.

In addition to preserving a piece of history, reclaimed timber also offers you the ability to make an environmentally responsible choice. Interest in reclaimed building materials (specifically old-growth wood) is strong and growing, as the old beams and boards fit tongue and groove with environmental concerns and goals of the future. Reusing lumber is the ultimate form of recycling, and we at Olde TimberStone are proud to be a part of this conservation trend.

With Olde TimberStone, you can complete your project from floor to ceiling - wall to wall - with reclaimed materials all from one supplier. We deliver nationwide, so contact us today to begin the process of building green with one-of-a-kind antique materials. We look forward to assisting you with all of your reclaimed building product needs!

Thank You,
Olde TimberStone

RECLAIMED TIMBER BEAMS

We offer a huge selection of sizes and lengths in both rough sawn and hand hewn reclaimed timber beams. Decades of aging and exposure yield a handsome decorative accent that will add historic character and an uncommon sense of style to any project. Antique beams from Olde TimberStone are reclaimed from old historic and abandoned buildings throughout the US and Canada.

RECLAIMED & OLD-GROWTH FLOORS

We offer the largest selection of solid reclaimed and old-growth wide plank flooring available. Specialties include longleaf yellow pine, antique oak, tobacco pine, wormy chestnut, antique hickory, American gunstock walnut, pioneer cherry and many more. Using antique wide plank wood flooring from Olde TimberStone will add warmth, charm and historical significance to your home or commercial space.

ANTIQUE BARN BOARDS

We offer a wide selection of rustic antique barn board siding reclaimed from abandoned structures throughout the US, with a little piece of history in every plank. Available in many color variations including grey/red, grey/brown and grey/white, reclaimed barn boards can be used for both interior and exterior applications, giving your home or business a uniquely rustic feel.

ANTIQUE MATERIALS RECLAIMED FROM THE PAST... REJUVENATING THE PRESENT WITH AN UNCOMMON SENSE OF STYLE AND RICH HISTORIC VALUE

ANTIQUE TIMBER MANTELS

Our one-of-a-kind antique timber mantels will become a conversation piece in your home, adding dramatic significance to your fireplace. Each of our premium timbers is hand selected and custom finished by our craftsmen to give it a unique feel all its own. With original mortise and tenon holes, checking and patina, these beams will truly make an impressive statement.

WINE BARREL WOOD

Olde TimberStone is proud to offer the Vintage Barrel Collection, hand-crafted from authentic reclaimed wine barrels and milled into three very distinct material options (Cooperage, Stave, and Infusion). Each piece is a unique work of art, with no two planks exactly alike. Wine barrel wood is ideal for wine cellar flooring, custom countertops, bar tops, tables, and more.

TIMBER FRAME STRUCTURES

Olde TimberStone has the resources and materials to help you construct a fully reclaimed custom timber frame structure unlike anything you have seen before. With the ability to create custom sheds, outbuildings, garages, homes and lodges, we can assist you in integrating reclaimed wide plank flooring, timber beams, barn wood siding, and much more to create your one-of-a-kind dream space.
